July has been a slow month for our group, so I took one of the left over pictures from Jordan going to aviation camp and made it the cover photo this month. Thanks again to all who made this experience possible for Jordan to go to Oshkosh. I know we are all jealous of the opportunity. Lets start planning a caravan trip for our group to go to Oshkosh in 2007!!! This picture was taken by my amateur photographer son, Jordan.

## President's Message

Our June meeting was lightly attended, but good nevertheless. We discussed the Young Eagles Day activities. Most folks seemed pleased with the results. All present enjoyed the episode of Sky King. We have a few more of these gems to show from time to time.

Since our big Young Eagle Day on June 10, there have been more young people flown. See the Young Eagles column for details. We are now entering a time of relaxation and we can look forward to some fun. There are a few activities in the proposition stage. Look for them elsewhere in the newsletter. Come to Tuesday's meeting for further information and discussion.

Our July meeting will not be an eating meeting, so come at 7PM.

Thanks, as always

*Linda Yarborough*

## Letter From The Editor

This is probably the shortest newsletter in a couple of years, we need to get together at the meeting and work out some flying plans. I have a couple of ideas for day trips and maybe even an overnight trip. Come out to the meeting on Tuesday night and find out what we have in store for fall activities. I have a story of a very enthusiastic Young Eagle I had the opportunity to fly this week.

## Young Eagles Corner

Yikes—but it's HOT! But kids still want to fly!!! And fly them we will!

Last week kids from the Sumter Civic Coalition attended a ground school at the Sumter Airport conducted by our own "Ground School Colonel Eichelberger!!" And then on

Friday they traveled to Hartsville and flew with Jesse, Alex, and yours truly! What excitement! Thirteen more Young Eagles added to the Log Book for that event. And Alex flew a couple of Young Eagles the weekend before this event.

As we go to press eleven female Hartsville Police Academy Cadets will be stepping up and making their initial Young Eagle flight—thanks to their sponsor, Police Officer Mark Blair.

And now for the drum-roll:

\*\*\*\*\* we have **exceeded** our goal of **150** for this year!!!! Yeah!!! But that doesn't mean we stop!!! There are so many opportunities for all of us to participate in the Young Eagles program—all we have to do is just look around to see another potential candidate who just might be another astronaut or Raptor pilot in the making—all because YOU saw that opportunity—!!! If you have the name and need a pilot, let me know and I'll find a pilot!

Again, thank you for all the support you have given and continue to give to this very worthwhile program. And don't forget Ellen Buchner as she goes to the Air Academy at the end of this month. Ellen, we hope you have a great experience.

*Jeanne Rudick*  
*Young Eagles Corrodinator, EAA 1058*
