President's Message

Folks, I hope that you will join us this coming Tuesday night. Mark Spurling will be cooking steaks and Jeanne, David Dunsmore and I will be bringing the rest. I hope that you will join us for food and fun.

Ben will be bringing the program for us this month. I'm sure he will make us think. Jeanne also has two big surprises for us as you have been reading your e-mail's. I'm looking forward to hearing what they are.

Well I just shelled out money for my annual and also had to have an exhaust leak fixed. It seems like every time you turn around there is always something to fix or check, but that's what we have to do to stay safe. If you go flying, check out the weather before you go. Especially for the *Thunderstorms* that pop up suddenly. See ya at the meeting.

Jesse Allred
President, EAA 1058

Letter From The Editor

Well, I had a plan for this month's meeting, but since we are eating a big meal and inviting a lot of guests, I'll save the tech program for the August meeting, but it's worth the wait. Don't worry, I have a program planned for this month as well, but better suited for a diverse audience. Make sure you join us at the airport at 6:30 for dinner which is being put together by Jessie & Jeanne, contributed to by several members, (I will have the thanks in here next month) and Mark will be cooking up the best part and having it ready at 6:30 for all of us.

I will be there ahead of time setting up for the program so come on out and let's have a great time this month.

I had the opportunity this month to help my buddy, Mark Spurling, with a Mercy Flight to West Virginia. We had a great ride up and back to pick up a couple who needed a ride home to Florence. Ask me for details and I have a short story about our return adventures.

Young Eagles Corner

Wow! But it's almost too hot to fly! But needless to say I did say "almost"—just give me the opportunity to fly a kid and off we go!

July has been a regrouping month with ten Young Eagles flown as reported to me. Eight of those ten belonged to the Hartsville Police Academy (males). This special program conducted by the Hartsville Police Department has included Young Eagle flights for the past several years. Alex conducted the ground school for the guys and ended up flying all the guys—the weather was not where Linda nor I felt secure in flying the kids—but our time is coming--the females are scheduled to fly on August 5. These groups fly early in the a.m. while the most of you are at work. We also provide hot dogs for them—after the flights, of course.

Plans are underway for our big fall event at Butters Field—the date is still not confirmed as we are trying to coordinate this with S.C. Aviation Week if it is celebrated this year. Tentatively the week is scheduled for the week of October 5. Watch future newsletters and emails about this upcoming event. You are needed!!!

Again, thanks to everyone who contributed to the BIG day we had on June 14 and I do want to especially thank the Board for their special collage presentation given to me at the last meeting.

If you miss our next meeting, you will miss a couple of surprises I have in store for you! I do hope to see you all on July 29!!!

Jeanne Rudick
Young Eagles Coordinator, EAA 1058
