Vice President's Message

One big thing we have not had this year is a group fly-out event. We need to get serious about the Christmas fly-out program for this year and work out the details so everyone can RSVP in time for the event. Come join us on Tuesday night and let's get some ideas on the table so we can vote on them.

Several of our members will be traveling to Washington, DC this week to attend the national memorial service for Ray Butters. I am one of them and am looking forward (I know that sounds wrong) to the service since Ray was such an inspiration to me. I will include a story here next month about the experience, and ask that everyone have a moment of memory for Ray on Thursday. He will truly be missed among us.

As an additional note, there are two new additions to the Chapter 1058 library: Used Aircraft Guide and Aircraft Buyer's Handbook. Please feel free to check books out from our library, but don't forget to return them when you are finished.

Ben Brotherton
Vice President, EAA 1058

Letter From The Editor

The plan I had for last month's meeting got changed and therefore it's time this month. A couple of years ago I put on a program called "How Far Would You Go?" It was based on events from other peoples' stories. There are no right or wrong answers, but we had a great time discussing the situations and we all learned a little about things to look for when we fly. Come join us on Tuesday night and we will try some of these scenarios out and see what everyone thinks.

I am always looking for articles about flying and would love folks to send them to me. Please send me stories and pictures that I can publish in our newsletter.

Our newsletter is supposed to be a chapter newsletter, not just a couple of people writing the same things every month. Please send me a story even in rough form and I will be glad to get it pretty for print and share it with others.

Young Eagles Corner

It's hard to believe that September is almost here! And along with that is planning for our Fall Young Eagles Rally—October 11—at Butters Field. This Rally is being scheduled at the end of South Carolina Aviation Week and is being held in conjunction with other rallies across the State. So far, a rally is being planned for Owens Field, for Rock Hill, and for Butters Field! And there may be others!!

EAA 1456--Swamp Fox Sport Flyers of Sumter will be joining us for the event. I am currently working with that Chapter to ensure that we have lots of air and ground support!—But YOU ARE definitely needed!!!! And I do hope that you have reserved October 11 on your calendar for that event.

Ten Young Eagles applications have been submitted for the Chapter this month—these are for the Hartsville Police Academy Cadets—Girls! We had a great time with them on August 5 and hopefully you got to see the article that Mark Blair, Hartsville Police Officer/EAA 1058 member contributed to *The Messenger!* Great story and picture Mark!

That's it for this month—but you will be hearing more from me shortly with a special request for YOU for October 11. Let's break the record set on June 14—160 Young Eagles flown on that date!

Jeanne Rudick
Young Eagles Coordinator, EAA 1058
