President's Message

Folks, I hope that everyone is doing okay. I'm sorry that I missed the last meeting, but with my health problems, mama's and dad's healing, it has been rough going. The weather is starting to warm up for us. If you haven't been flying lately, make sure you get the plane ready for flying. I haven't done much myself.

I hope to see each of you at the meeting next week. I'll be handling the program. It will be EAA oriented. I would like for us to try and do some kind of fundraiser so that we can support the EAA Gold Wing Museum. I think it would be a good idea for us to do and have our chapter represented on an engraved plate to show that we care about what we are doing and to show our passion for aviation. I look forward seeing all of you Tuesday at 7:00 pm sharp. There will be snacks and drink, so come a little earlier and enjoy hanger talk and a snack. There are also other things that need to be discussed. Jeanne also sent an email out about another opportunity for us to fly some YE's at Butter's Field for George coming up I think in May. Please help out with this if you can. Thanks and God Bless!!

Jesse Allred

Letter From The Editor

There is a little activity starting up again in Florence, for one, a new flight school is running. Windsock Aviation is now flight training and has a 172 for rent. If you haven't heard from them, check them out and help support local activities.

As for me personally, I regret that I have not been in better communications with everyone, between my business and my family, not much spare time lately. On Friday, March 6th, I became a grandfather, and there is a lot of extra drama to the story, ask me for the details. The house is busy around the clock with my granddaughter living in the same house and keeping us up all hours. I will give some of the details at the meeting.

As always, please send me any events that you know of and I will add to the calendar in the newsletter.

Ben Brotherton
Newsletter Editor, EAA 1058
